

LEGAL REVOLUTION 2020 is cancelled

THE VIRTUAL EXHIBITION AND CONGRESS FOR LAW AND COMPLIANCE LEGAL LIVE WILL TAKE PLACE EARLIER

After three years of strong growth, all indications were that LEGAL REVOLUTION, Europe's leading exhibition and congress for law and compliance, would be a great success in 2020 again.

Since beginning of the COVID 19 Pandemic the organizer LEGAL (R)EVOLUTION GmbH monitored and analyzed the developments. The loosening of the Corona measures, the positive feedback of visitors and exhibitors in combination with the sophisticated health protection concept made the idea of a safe and successful event appear realistic, also in 2020. However, the rising infection rates caused a turnaround in September. Intensive exchanges with exhibitors and visitors, led to the decision to cancel the physical event, which should have taken place on 30 Nov. and 1 Dec. in Frankfurt Main.

"We would have done everything to make this face-to-face exchange possible for our visitors and exhibitors - especially now. Unfortunately, the current developments leave us with no other option but to cancel the event.", explains Aranka Holes, Head of Expo, and Sophia Agne, Marketing Director at LEGAL REVOLUTION GmbH.

The virtual exhibition and congress LEGAL LIVE, initially planned for mid-2021, will take place earlier. The organizer will announce the exact date on 10 November on www.LEGAL-LIVE.net.

"We are working at peak performance on LEGAL LIVE. We will create an innovative online-event, which will offer unique experiences and high quality leads for visitors and exhibitors.", states Dr. Jochen Brandhoff, founder of LEGAL REVOLUTION. "Matchmaking and other, for the Internet perfectly fitting ways of bringing exhibitors and visitors together, for mutual benefit will be the success factors of LEGAL LIVE", adds Angelo Aratari, responsible manager of LEGAL LIVE.

Visitors who have already purchased tickets for LEGAL REVOLUTION 2020 will receive a full refund or can transfer the booked services to LEGAL REVOLUTION 2021.
